

## Reading Comprehension For Class 8

### Work Sheet

**Directions:** Read the following Reading Comprehension for class 8 carefully and answer the questions given below the Reading Comprehension:-

Once upon a time, there was a king. He thought that if he always knew when to start things, who to listen to, and what was most important, he would succeed in everything he did. So, he announced that he would reward anyone who could teach him these things.

Many smart people came to help, but they all had different answers. Some said he should plan everything in advance, others said he should pay attention to what's happening and act accordingly, and some suggested he should have a group of wise advisors to help him decide.
